Isolation Test Results

Result	Control
PASS	No cross-tenant reads under 50 concurrent sessions [tests/test_pt009_tenant_isolation_concurrency.py | 2 passed in 2.62s]
PASS	Cross-tenant access denied (403) on traces / samples / reports [tests/test_tenant_isolation.py | 8 passed, 3 warnings in 1.73s]

This document is automated security evidence generated by SARO. It demonstrates tenant-isolation controls via the runnable test suite below and is interim evidence pending a funded third-party penetration test. It does not constitute a security certification. Human review by qualified personnel is required.
